Acknowledgements

- For this project I would like to thank my mentor, who guided me through my project and helped me if there were any doubts. I would also like to thank my parents who pushed me through it and gave me the motivation I needed.

About Me..

- Student's Photograph

- Student's Introduction

I am Rehaan Dev. I am 15 years old and I study at Heritage International School in Gurgaon. I am in Grade 10. My hobbies include video games, programming, and watching movies. My favourite subjects are Physics and Computer Science.

About My Internship Journey with Clevered..

- Your Internship Experience with Clevered
- I found the experience to be very exciting and educational. I learnt about many new programming libraries, syntax etc. My favourite part was learning about tkinter windows.

About App..

- App's Main Menu
- The main menu is a sign up page, and once that is done another window will open up.
- App's Introduction
- The app allows the user to perform basic functions like opening a browser and searching on it for something.

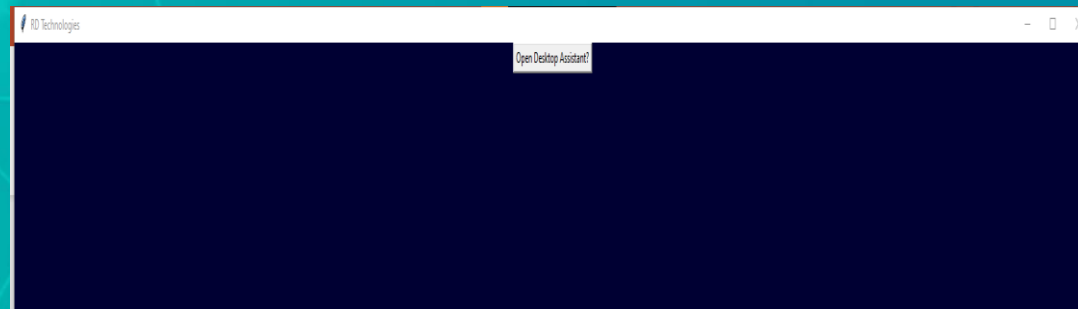

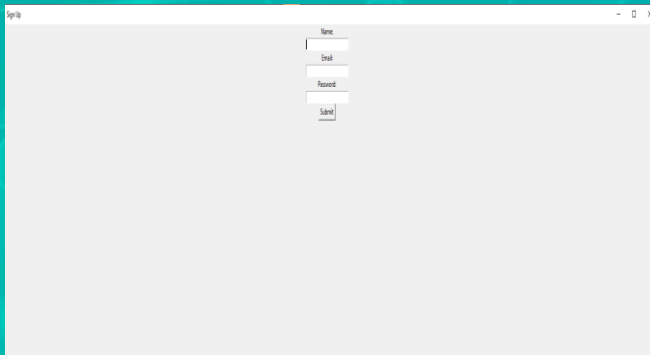

How do I use the App?

Option Name (This will be repeated for each option of the App)

- The first page is a sign up page. Once that is complete the second page opens up

The second page is a window which has a button to open the desktop assistant
Once clicked the assistant will open and run in the background, rather than having a window for itself

Contact Person

- Please reach out to student name at student's email address for any questions/ concerns/ suggestions on the App
- rehaan.dev@gmail.com

Thank you!
